The proposed change awards number of days of PTO based on contracted days. • Director Harvey posed a question regarding establishing health and safety guidelines. Question: Is there any possibility of the misinterpretation of these guidelines? Response: Guidelines are a moving target and we will be held accountable for the changes. At present they are just guidelines, but one could be accused of negligence. Director Harvey noted several formatting discrepancies to be corrected in the Handbooks. • Question raised by Director Myer regarding the 11% who, according to the survey, would not be comfortable returning. Two Roads is in communication with the district about whether Two Roads must follow exactly what the district is doing. 	<p>Roads. As things open up and parents return to work, it would be advantageous for Two Roads to open fully. The school's small class sizes would work to the school's advantage. It has been suggested that Two Roads have an option for families/students to stay enrolled in an online or blended model. Two Roads is in a position to cater to both. Director Harvey suggested students choosing remote learning would be at a disadvantage. Two Roads agrees that face-to-face instruction is preferable; however, Two Roads will have the option to do both.</p> <ul style="list-style-type: none"> • Director Garner asked if the school has the technology to record classrooms and provide instructions in this way. Two Roads is looking into ways to provide technology for students and Bring Your Own Device policies. Two Roads did its best to make sure each family had a device in their home. QUESTION: If technology were to be checked out and it did not come back, is there any kind of insurance coverage we could get to cover unreturned technology? RESPONSE: Two Roads is not aware of any such service. QUESTION: What about requiring a security deposit? Is there a possibility that we can have it as part of the handbook - a fee imposed if something happens to the device? RESPONSE: If Two Roads were to loan out technology, they would borrow the district form and protocol. Great language and protocols do not assure that they will be followed.

The directors will address each meeting as it is scheduled. • The amendment to our Charter Contract gave us flexibility to function during COVID. • Discussion to consider the proposed meeting rotation for SY20-21. • Directors considered the need to allow for delivery of purchased items to be taken at an address other than the school. The sudden closure of the school campus has disrupted the delivery of ordered supplies. Directors agreed that under the circumstances and to keep business going, delivery to a secondary address was appropriate and allowable. 	<ul style="list-style-type: none"> • MOTION to ratify the Amendment to the 2020 Charter School Contract.
