Welcome to our Weekly School Newsletter!

Don't forget to re-enroll for next year by the end of the day **today** (see blurb below in today's newsletter). It is important to save your spot for the next school year now before new students are added. We expect to fill our seats quickly! In addition, I wanted to let families know that Two Roads was recognized by the Jeffco Board of Directors and Jeffco Public Schools for our 100%

graduation rate during last year's 23-23 school year. Two Roads was only one of three schools to achieve a 100% graduation rate in the entire school district. We are very proud of our efforts and the work we do with our graduating students. Finally, you are invited to attend our Honor Roll Assembly today to recognize high achieving students from 1st semester. Assembly times are listed in the calendar above.

EMPLOYEE SPOTLIGHT

Mrs. Trapp - High School Math Teacher- My name is Kim Trapp and I teach Geometry, Algebra 2 and Financial Math. This is my 14th year at Two Roads and I cannot imagine teaching anywhere else. I appreciate how the faculty and staff work closely together to ensure all of our students have the best opportunity to learn and grow here. I love the small class sizes and the potential of working with students for 3 consecutive years.

I have been married to Rich for 36 years and we have 2 children. My parents live with us as well as my son, daughter-in-law and grandson. My daughter lives nearby with her fiancée. When I am not at school I enjoy camping, hiking, cooking, escape rooms, reading, and listening to country music.

Two Roads Recognized for our 100% Graduation Rate

Two Roads has been recognized by Jeffco (see article posted on January 9th that follows) for being only one of three high schools to have a 100% graduation rate in the 22-23 school year. We are proud of the work we do with our seniors!

Students Graduate at a Rate of 90% or Higher

Jeffco High Schools Graduate Students at a Rate of 90% or Higher

Posted on 01/09/2024

Dakota Ridge graduates celebrate at Red Rocks during a graduation ceremony in 2022.

A dozen of Jeffco's comprehensive high schools and seven of its charter schools graduated students at a rate of 90% or higher in the 2022-23 school year. **Particular highlights include Evergreen, Addenbrooke, and Two Roads, which graduated 100% of their students.**

Jeffco schools with a 95% or greater graduation rate for the Class of 2023 include:

- 98% Conifer High School and Jefferson Academy High School
- 96% Chatfield High School and Green Mountain High School
- 95% Dakota Ridge High School

Jeffco also saw a significant increase of 17% (69% to 86%) in the graduation rate for its American Indian/Alaskan Native students across the district.

For the sixth year in a row, as a whole, Jeffco Public Schools' on-time graduation rates outpaced the state average, according to the most recent data provided to the [Colorado Department of Education](#). Jeffco's graduation rate for the class of 2023 is 85%. The dropout rate for Jeffco Public Schools' class of 2023 is 1.5%, which is lower than the state average of 2.1%.

"Our bold district vision is that Jeffco students will achieve their biggest dreams and graduation is a foundational step toward that for every student," said Jeffco Public Schools Superintendent Tracy Dorland. "We are proud of how our community—educators, staff, school leaders, families, and community partners—is working together with Jeffco students to ensure

they reach this important milestone in their lives. As a district, we are focused on a multi-pronged approach for getting 100% of students to the finish line, which includes our exciting work to reimagine the high school experience in Jeffco.”

8th Grade Families

Two Roads Charter School will participate in the National Assessment of Educational Progress (NAEP) on Monday, February 5, 2024. NAEP is the largest nationally representative and continuing assessment of what students know and can do in various subjects. NAEP is administered by the National Center for Education Statistics, within the U.S. Department of Education. NAEP is different from our state assessments because it is a common measure of achievement across the country. The results are released as The Nation's Report Card, which provides information about student achievement to educators, parents/guardians, policymakers, and the public.
